Ashland furnished one victim of the toy pistol—Clyde, nine-year-old son of Mrs. Nicholas F. Faulkner, who shot himself in the hand July 4th and died Saturday morning.

The work of putting down the pavement between Cherry alley and Limestone is progressing nicely under the directions of Commissioner Smith. This is a needed improvement long delayed.

A break in the water main at Fourth and Limestone Saturday afternoon caused a shutting off of the water; but this a dangerous thing, unless owners of steam engines and elevators are notified.

The Sixth Ward sewer will most likely be located on the North side of the C. and O. Railway. Thus it will be more easily reached by those who want to tap it; besides if located on the South side of the railway in the Sixth Ward, it would have to pass under the roadbed at some point between there and its terminus at Bank street.

As the result of charges made by ex-Mayor Duncan of Lexington, the Fayette Fiscal Court has ordered an examination of the books of the county for the last six years. The charges made by Duncan were that the members of the Court had appropriated the funds of the county to their personal use, and that County Auditor L. E. Pearce had manipulated the figures on the books to cover up the dishonest acts of the officials.

During the terrible storm Friday afternoon and evening Mr. Charles L. Carr, who resides on Bull creek, had his full share of trouble. Mud and water were backed up into his house to a depth of four feet, doing a great deal of damage. His crops were ruined. Mr. Carr remained at the house during the storm, doing what he could to protect his property, while his family was compelled to seek shelter elsewhere for the night.

"There Isn't One Really Good Printer in Five Hundred."

Printers' Ink—the leading journal on publicity of all kinds—has the following to say: "There are thousands of printers in this country, good, indifferent, and a lot of bad ones. There isn't one really good printer in five hundred. Intelligent advertisers are willing to pay for good printing, no matter where it comes from." Printers' Ink knows what it is talking about. Poor printing is a bad investment—it's worse than a blank. A business man's stationery or booklet is like a traveling man—if it's neat, well-dressed and to the point, the first impression is good and your chances of doing business on the strength of it are good. We realize this. We keep abreast of the times. We know what good printing is and produce it. We are pretty careful not to let a lump job get out of our process. No press in the country can better our printing and we want you to know it. HAVE THE DAVIS PRINTING HOUSE PRINT IT. PUBLIC LEDGER BUILDING.

BROWNING—M'HENRY.

Miss Mollie Browning, daughter of Mr. and Mrs. A. J. Browning, formerly of this city, now of Cincinnati, was united in marriage June 30th to Mr. William M'Henry, also of Cincinnati.

DROWNED YESTERDAY

Colored Lad Sinks to a Watery Grave at Mouth of Limestone

Walter Graham, a sixteen-year-old colored boy, was drowned at the mouth of Limestone creek yesterday morning.

He with several other boys were in swimming, and Graham attempted to swim across to the opposite side of the creek.

When about half way across he gave out, and turning, started back.

He was too weak, however, and began crying for assistance.

Two of his companions attempted to help him; and he came very near drowning them.

His body was recovered shortly afterwards and removed to his home.

The place where Graham was drowned is one of the most dangerous along the river, and should be avoided as a swimming pool for boys, as it is almost impossible for any one to get at them in case they give out.

JUDGE PARKER SPEAKS!

Declares For Gold Standard—West Virginian For Vice-President

The Democratic National Convention completed its labors at St. Louis early Sunday morning by naming ex-Senator Henry C. Davis of West Virginia as its candidate for Vice-President.

After Judge Parker had been advised of his nomination for President, he sent this telegram to his representative—

"W. F. Sheehan, Hotel Jefferson, St. Louis: I regard the gold standard as firmly and irrevocably established and shall act accordingly if the action of the Convention today shall be ratified by the people. As the platform is silent on the subject, my views should be made known to convention, and if it is proved to be unsatisfactory to the majority, I request you to decline the nomination for me at once, so that another may be nominated before adjournment."
"ALTON B. PARKER."

As might have been expected, this created all sorts of a flurry; but after several hours of oratory the Convention authorized this reply to Judge Parker's declaration—

"The platform adopted by this Convention is silent on the question of monetary standard because it is not regarded by us as a possible issue in this campaign and only campaign issues were mentioned in the platform. Therefore, there is nothing in the views expressed by you in the telegram just received which would preclude a man entertaining them from accepting a nomination on said platform."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The design for the proposed Government Building was mistaken by one citizen as a design for a Morgue.

It may have been noticed that the Supervising Architect has of late been advertising for bids to erect a Government Morgue in the suburbs of this city.

If the Courts keep on "ruling," it won't be long until a man will be robbed of every liberty. According to a Magistrate at Muncie, Ind., a bride of a few weeks has an inalienable right to hit her husband in the face with a hammer if he be caught kissing another young woman. Mrs. WILLIAM BIBBS, married six weeks, claims she saw her husband in the act of kissing a young woman, and the bride straightway knocked him down with a hammer. The Court refused to fine her.

WANDERING like a bunch of lost sheep, a delegation of six from the Philippine Islands sought seats in the Democratic Convention at St. Louis. They were sufferers, as were all others in attendance, from the abominable arrangements made at the Convention. No one had remembered to assign them seats, although it had been decided to give them the right to participate, but not to vote. The six delegates traveled thousands of miles, spent hundreds of dollars and will have wasted sixty days' time and all for naught; and yet the Democrats profess to be the only and onliest friends of the Filipinos.

The electric line between Berlin and Frankfurt is the most used—487 communications daily. The number between Berlin and Cologne is 243; Berlin and Vienna, 113, and Berlin and Dusseldorf, 116. In spite of the high fee not less than 65 communications daily take place between Berlin and Paris.

Mr. Henry White, an old and highly respected citizen, died Friday afternoon at his home near Germantown of paralysis.

Mr. White was in the 78th year of his age, and is survived by seven children—Mrs. Kate Jolly of Wedonia, Mrs. Matilda Adams of Chatham, Mrs. Lena Reed of Fernleaf, Mrs. Louisa Fegans of Germantown, Misses Mary and Lizzie White, who live at the home, and Mr. J. P. White of Minerva.

The funeral took place yesterday afternoon at 2 o'clock at the Germantown Christian Church, the interment being in the K. of P. Cemetery at that place.

PLENTY OF IT

Lots More Proof Like This, and It is All From Maysville People

"The proof of the pudding is in the eating of it." If any city or town in the Union has sufficient proof on the following subject it is Maysville. Genuine merit is finding its reward in the hearty indorsement of local citizens. When people right here at home, friends and neighbors of our readers, give a statement like the following for publication it is proof convincing for the most skeptical. Read this testimony:

Mr. A. W. McClanahan of 119 West Second street says:
"The use in my case fully demonstrated the value of Doan's Kidney Pills. I suffered more or less from kidney trouble for twenty years, steadily becoming more persistent as time passed on. My attention was called to Doan's Kidney Pills and I got a box at J. James Wood & Son's Drugstore, corner of West Second and Market streets. The treatment so greatly benefited me that my only regret is that I did not know of this valuable remedy years ago, for had such been the case I would have been saved much suffering."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
Remember the name—Doan's—and take no substitutes.

The American people—and this includes the great mass of Democrats as well as all Republicans—are not given to crawling. When the Flag has been put, they want it to stay put. Hence they will hardly vote for your Uncle Grover, who pulled down Old Glory in Hawaii where it had been raised by President HARRISON. No more "Paramount Commissioners" for Uncle Sam.

"There will never be another silver dollar coined in this country," said GEORGE T. ROBERTS, Director of the United States Mint, in an interview at Portland, Oregon. Mr. ROBERTS is en route to Alaska. "No, there will be no more new silver dollars turned out by the Government Mints," he continued, "unless by some change—a 16 to 1 Congress should be elected—for the supply of silver bullion purchased under the Sherman Act is exhausted." This will be good news to everyone who doesn't want to carry the cumbersome stuff about in his clothes; but Mister BRYAN is expected to put up a "holler" big enough to sink Russia's Vladivostock fleet.

From the evidence before the Coroner's Jury at Louisville, it appears that R. LEE SUTER, member of the Board of Public Safety, was killed by a bullet fired by WILLIAM O. VAUGHN, a sixteen-year-old boy who, with two men and two women, rode out to a fishing camp. VAUGHN, it appears, fired his pistol to awaken the camp and struck SUTER, who was asleep in a tent. As it appears, further, that the so-called fishing camp was inhabited chiefly by public officials of Louisville who, with their respective "women," were there for a "good time" generally and gambling in particular,—that the "bait" was whisky and the "catch" suckers,—the inquiry into SUTER's death will not be pushed. However, Colonel VAUGHN, son of his father who has become rich on public contracts in Louisville, should adopt milder methods the next time he wants to arouse the sleepers in camp.

An Ounce of Prevention!

No saying is so true as the old adage, "An ounce of prevention is worth a pound of cure." The glorious Fourth will soon be here, and with it the usual amount of danger. Why not lay in a supply of "hospital ammunition" and be prepared to greet the burns and other hurts that are sure to visit every home where there is a boy?

News

Gage 13.5 and rising.

The Bonanza will pass down today from Pomeroy.

The automobile boat will soon be "it" on the Ohio river.

The Virginia will be the Pittsburgh boat tonight, returning tomorrow night.

The Cincinnati-Pittsburgh boats now have from 200 to 300 passengers each trip.

The steamers Tacoma and Keystone State, representing rival interests in the river war recently inaugurated and which has already resulted in one cut in freight rates, had an exciting race one morning last week from Vanceburg to Portsmouth. The two boats left Vanceburg about the same time and ran almost abreast mile after mile.

The Catherine Davis passed up Saturday for Manchester, where she will take charge of a tow of logs, which will be taken to Coal Grove above Ironton, O. The logs are a parcel of runaways on the last rise out of the Big Sandy river, and belong to a lumber firm at Coal Grove. This is the first time in the knowledge of the oldest riverman that logs have ever been towed up the Ohio river.

The coal shipments from the Pittsburgh harbor since Friday have amounted to about 5,000,000 bushels. Four towboats met disaster just after starting Friday, and about \$10,000 loss was suffered at Merriam. The Josh Cook struck a part of her tow, losing a barge and a flat. The barge was grounded, but afterward floated away. The Sam Brown ran its tow aground at the towhead at Merriam, the steamer going aground itself. Four boats and a flat were broken up, and much of their cargo of coal lost. The Harvester ran her tow ashore and left six barges, but these will not be lost. The Tornado lost two flats on the towhead. All of these accidents occurred to boats attempting to get through the new channel at Merriam.

Augustus Collins, colored, with a case of smallpox, was captured on the streets by the Portsmouth police.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
